GitHub : <https://github.com/AnushkaWijewickrama>

Dedicated and skilled Front-End Developer with over 3 years of experience specializing in Angular, TypeScript, and SCSS. Proven track record in developing robust and visually appealing ecommerce platforms and websites. Recently embarked on a project utilizing Next.js and Redux Toolkit, further expanding expertise in cutting-edge technologies.

## SKILLS

**Front-end:** Angular, React, Typescript, SCSS/CSS, JavaScript, NextJS, Redux, RxJS, Redux ToolKit, Axios

**Backend:** ExpressJS, NodeJS, PHP, MySQL, MongoDB

**Other:** AWS, Git, Firebase

## EXPERIENCE

### **Alpha Development Team (Pvt) Ltd** - *Front-End Developer*

08-2021 - 2024

- Facilitated seamless communication among cross-functional team members to coordinate pending tasks and project updates, ensuring alignment and timely progress.
- Made sure all code followed the company's rules and was the best it could be.
- Leveraged advanced capabilities in Angular to implement dynamic form functionalities, including utilizing Angular's recursive formArray feature, to enhance user experience and streamline data management processes.
- Demonstrated comprehensive expertise and proficiency in Angular framework, with a proven track record of two years' experience spanning multiple versions (Angular 13, 14, 15, 16) and extensive application of TypeScript for robust front-end development solutions.
- Designed and implemented custom directives, modules, and services within Angular framework, adeptly orchestrating their integration to foster seamless interaction and functionality across the application components.

### **Cubo System - Nawala** - *Full Stack Developer*

05-2018 - 06-2019

- Utilized React and React Native to craft robust UIs.
- Effectively communicated with team members regarding project tasks, updates, and changes

## EDUCATION

### BSc (Hons) Software Engineering

Plymouth University UK

03-2016 - 08-2019

## PROJECTS
